

Exclusive Production

Certified Varieties

Zeon Zoysia is the N°1 Selling Zoysia in America. Turfgrass professionals and consumers alike often note Zeon's "Wow Factor". University tests agree, Zeon Zoysia is truly something special. In NTEP (National Turfgrass Evaluation Program) testing, Zeon Zoysia ranked #1 in turf quality. NTEP also confirmed that Zeon Zoysia produces far less thatch than other Zoysia grasses tested

## CHARACTERISTICS

<b>AESTHETICS</b>	<b>Use</b>	Use for lawns, golf courses, sports fields, resorts
	<b>Colour</b>	Dark green
	<b>Blade width</b>	Fine
	<b>Yellowing/ Winter discolouring</b>	Latency from 10-12°C
<b>FUNCTION</b>	<b>Soils</b>	Thrives in a wide range of soil conditions
	<b>Growth/reproduction</b>	Slow/ reproduction by sod and sprigs
	<b>Erosion</b>	High resistance
	<b>Damage recovery</b>	Slow
	<b>Plagues</b>	High resistance
	<b>Diseases</b>	Rhizoctonia in winter
<b>CLIMATE</b>	<b>Heat</b>	High resistance
	<b>Cold</b>	High resistance
	<b>Shade</b>	High resistance
	<b>Drought</b>	Less water requirements, quick recover from drought
	<b>Salinity</b>	High resistance
	<b>Watering needs</b>	Low
<b>CARE</b>	<b>Mowing</b>	Reelmower. 6 mm. – 40 mm
	<b>Weed control</b>	High resistance with low mow and high density
	<b>Fertilizers</b>	Low needs
