

SeaIsle2000TM
Certified Superior Performance Turfgrass, Best Performance Practice

Great ornamental quality even under extreme conditions

FEATURES

Uses	Gardening, landscaping, golf, sport stadiums
Colour	Intense teal
Leaf width	High density turfgrass with fine Leaf
Dormancy	Colour loss below 8°C
Soils	Tolerates salinity and high-water retention soils
Growth	Medium
Erosion / Trampling	High tolerance
Damages recovery	High
Heat	Very high resistance
Cold	Medium tolerance
Shade	Medium shade tolerance
Drought	Very high resistance
Salinity	Very high tolerance: no other variety tolerates better salinity in soil or water. Great flooding and waterlogging tolerance
Water needs	Low, tolerates long periods without irrigation
Mowing	Medium mowing frequency
Weeds	Low impact
Pests	High resistance
Diseases	High resistance
Fertilizers	Low needs
